# WORLD WEATHER WINDOW

**HOW TO BE A TV METEOROLOGIST**

- 1. SELECT A WEATHER REPORT.** Stay on one of the forecasts on the floor.
- 2. STAND ON THE SET.** Gerry & Brenda, the new anchors, will introduce you. The meteorologists (weather anchors) can use the gray step ladder when they need to look down.
- 3. READ THE SCRIPT.** It will appear on the teleprompter in front of you. Speak clearly, and act on the set.
- 4. YOU CAN WATCH YOURSELF.** Look on the monitor up above the camera. Use this monitor to help you point to the correct weather symbol as you read the script.
- 5. DON'T FORGET TO SMILE!**

Please Do Not Touch The Blue Screen
